Preparedness:

Please bring your student prepared to dance class with the proper shoes, clothing, and hair neatly pulled out of the face. Please bring water bottle to class, there is a drinking fountain on campus, but it's not close by.

Photography:

Please no photography of students during class. Accidentally or purposefully filming someone else's child violates privacy laws with other student's families and is extremely distracting to the dancers. We will give you opportunities during class to observe your dancer and film only them.

Drop Off/ Pick up:

We encourage parents of dancers 7+ to drop off and pick up their student. Parents of students ages 6 and under can stay close by outside. Please be mindful of our neighbor Kumon, a tutoring service, and keep noise at a minimum so we don't disturb them.

No Food or Drink:

Please be mindful about not bringing food or sugary drinks into the dance studio or outside and surrounding areas. We have a serious ant pest issue on our campus, please don't bring crumbly or messy snacks! Thanks for your help!
